SOUND WAVE - Bath audio system	28
QUALITY FINISHES - Secure Plus	34
CONOFLAT - New sizes	36
DESIGN EVOLUTION - Clear contours	38

XETIS

State-of-the-art shower surface.

XETIS

Style without borders.

In today's world, the fusion of the living area and bathroom is a symbol of luxurious living. This includes a perfectly integrated, floor-level shower area as a visible expression of contemporary comfort.

With XETIS, Kaldewei is once again setting new standards in modern bathroom design. The enamelled shower surface blends harmoniously into the bathroom floor. The outlet has been discretely hidden behind the front wall so as not to interfere with the shower surface made of high-quality Kaldewei steel enamel 3.5 mm.

XETIS thus opens up new aesthetic possibilities for bathroom designers and becomes an absolute design highlight in the bathroom. With XETIS, Kaldewei emphasises its role as a pioneer and style icon of bathroom culture. XETIS – system of visionary aesthetics.

VISIBLE AESTHETICS

Invisible technology.

Enamelled shower surfaces are in fashion and no longer only requested as special solutions. Available in 13 different sizes, XETIS integrates easily into any setting. All components of the integrated system have been developed by Kaldewei and match each other perfectly.

In achieving this, Kaldewei not only focused on a unique design, but also on outstanding functionality. For example, the waste fitting with a drainage capacity of 1 l/s, the installation cover and the XETIS sealing system ensure complete protection against moisture penetration.

The individual components:

- Enamelled shower surface XETIS
- KA 200 waste fitting
- XETIS sealing system XDS
- Installation cover
- Designer cover (tileable or chrome-plated)
- FR 5350 XETIS foot frame (available in 3 sizes)
- MAS 5305 centre support system

Model no.	Length (cm)	Width (cm)
885	90	90
886	100	100
887	80	120
888	90	120
889	100	120
890	120	120
891	80	140
892	90	140
893	100	140
894	90	170
895	100	170
896	90	180
897	100	180

COORDINATED COLOURS COLLECTION

Shines even when matt.

The unique matt enamel of the Coordinated Colours Collection adds a true touch of class to emphasise the special character of XETIS. Optimally colour-matched enamelled shower surfaces can now be installed

in perfect harmony with the existing flooring. The bathroom becomes more stylish and the house or apartment gains in value. XETIS – sensuality and style beautifully combined.

CAYONO

The bath.

CAYONO

A future classic.

In creating CAYONO, Kaldewei once again sets a milestone in bathroom culture. With its style-oriented design, timeless quality and attractive price, this product sets new standards for functional baths.

CAYONO, from the Advantage segment, is characterised by the following features: Generously dimensioned bath interior – even with smaller sizes. Flat bathtub bottom allows for comfortable showering. Optional anti-slip finish covering a larger area for increased safety.

Superior material quality, flawless workmanship and long-lasting surface quality with a 30-year guarantee – the new CAYONO.

COMFORT. SAFETY. DESIGN

Cayono – the new bath standard.

- Available in 5 sizes: 150 x 70 cm, 160 x 70 cm, 170 x 70 cm, 170 x 75 cm and 180 x 80 cm.
- The bath sizes allow for flexible bathroom planning, making the CAYONO bath the ideal solution for any situation, from small bathrooms to spacious bathroom havens.
- The bottom of the bath is extremely flat allowing for very comfortable showering without compromise.
- Safety is guaranteed whilst standing in the tub as well as getting into and out of the tub thanks to the optional anti-slip enamelling.
- Attractive extension of the Advantage collection.
- Made of Kaldewei steel enamel 3.5 mm.
- With a 30-year guarantee.
- Also available with well-designed matching grips in the CAYONO STAR variant.

SAFETY BY ALL MEANS

The new anti-slip finish for the Cayono bath.

With the new anti-slip finish developed especially for CAYONO, safety and design form a functional and aesthetic symbiosis. The anti-slip enamel covers a large area in an ergonomically ideal position in the bath, enabling you to get in and out safely. Combined with the flat bottom of the bath, CAYONO is therefore also ideal for showering.

The German technical inspection association TÜV Rhineland has certified Kaldewei's anti-slip and full anti-slip (optional) systems as having anti-slip properties compliant with quality class B for barefoot wet areas (DIN 51097) and quality class R 10 for anti-slip characteristics in work spaces and working areas with an increased slip risk (DIN 51130).

PURO DUO
Time for the essentials.

PURO DUO

Geometry of the senses.

The reduction of all elements to the essentials is one of the basic principles of modern architecture and interior design. The clear and purist design of the PURO DUO bath follows this approach and is the logical continuation of the successful PURO series. It fulfills the desire for high-quality and timeless design for bathing for two. The inside of the PURO DUO is especially long to offer exceptional bathing comfort.

FORM FOLLOWS FANTASY

Puro Duo – clear lines down to the smallest detail.

- Available in 3 sizes: 170 x 75 cm, 180 x 80 cm and 190 x 90 cm.
- The design of the PURO DUO impresses with its linear, purist expression of style.
- In addition, it offers a spacious bath interior with a centrally arranged overflow.
- The two identical back rests and the central overflow ensure that both people can relax when bathing together.
- Made of Kaldewei steel enamel 3.5 mm.
- With a 30-year guarantee.
- With the optional, single-side grip, the PURO DUO also offers optimum safety.

Elegant purism

PURO DUO 180 x 80 cm (model no. 664)

SOUND WAVE

Bath audio system.

SOUND WAVE

The acoustic bath.

With an increasing emphasis on well-being, relaxation and wellness have become integral parts of our lifestyle. And what better way to relax than with music?

With the new SOUND WAVE, Kaldewei offers an innovative bathroom audio system. Escape the stress of everyday life. Relax from the first ray of sunlight to an enjoyable bath in the evening. The SOUND WAVE components, including the Bluetooth® receiver, are concealed in the bath. This acts as an excellent sound box and provides pleasant acoustics of the highest quality. SOUND WAVE can wirelessly play audio files from your smartphone, computer, tablet or any other Bluetooth® enabled device. Experience the extraordinary sound under water and escape from everyday life.

Secure Plus

QUALITY FINISHES

For more safety.

SENSUAL AND SAFE SHOWER EXPERIENCE - KALDEWEI SECURE PLUS

Kaldewei steel enamel 3.5 mm is at the core of the Kaldewei brand. As a pioneer in the industry, Kaldewei is continually enhancing this material. Above all, the focus is on anti-slip surface finishings.

In a creative environment that responds to users' needs, Kaldewei has opened a new chapter in surface finishing through the creation of the new Secure Plus surface. The Secure Plus enamel which covers the entire surface of the product, is virtually invisible, but slip-resistant nonetheless. Secure Plus fulfils the requirements of quality class B according to DIN 51097 and quality class R 10 according to DIN 51130. The surface itself has a subtle feel to it and comes in the refined look of the Coordinated Colours Collection.

SUCCESSFUL SERIES – CONOFLAT

Four new sizes.

100x170 cm

80x180 cm

90x180 cm

100x180 cm

Elegant expression of style, purist design and a modern look – with its classy design Kaldewei's enamelled CONOFLAT shower surface blends stylishly into contemporary bathroom architecture. Its ultra-slim design is considered state-of-the-art by designers and architects – as confirmed by an impressive seven awards.

By adding an additional four sizes (100x170 cm, 80x180 cm, 90x180 cm and 100x180 cm) Kaldewei has increased the versatility of CONOFLAT. Thanks to its harmonious fusion with the surrounding space, CONOFLAT makes even small bathrooms appear larger. The seamless transition from the floor to the shower surface also creates a sense of elegance.

DESIGN EVOLUTION

Shower trays and enamelled shower surfaces.

Design evolution through technological progress. Shaping the future means re-inventing it.

Innovative strength is manifested not only in new products. Redefining existing products and thus paving the way for the future is an important characteristic of a visionary company. By changing the special Kaldewei manufacturing process, future rectangular shower trays and enamelled shower surfaces (SUPERPLAN, SUPERPLAN XXL, SUPERPLAN PLUS, DUSCHPLAN, DUSCHPLAN XXL and SANIDUSCH) will exhibit a tighter corner radius.

This change improves the floor-level integration of enamelled shower surfaces in tiled areas and the use of silicone in the corner area is therefore kept to a minimum. In combination with the ESR II installation system frame, it truly is a perfect solution.

All Kaldewei installation and sealing systems can be used without modification.
